The Story So Far

Dizzy and his girlfriend, Daisy, were out searching for Pogie, their pet Fluffle. They discovered a secret entrance into Zaks' old castle but were unaware that the Evil Wizard was watching them through his crystal ball. In an attempt to catch Dizzy, he cast a spell on a spinning wheel in the West Tower. As Dizzy and Daisy entered the tower,

Pogie

they noticed that the spinning wheel was mysteriously turning. Unable to control her curiosity, Daisy approached the spinning wheel and accidently pricked her finger and collapsed. Dizzy shook her in a vain attempt to waken her, but with no success. Suddenly Dizzy heard footsteps approaching. The door swung open and there stood Boris the Troll! Grabbing Dizzy he threw him into an underground prison.

Is there any hope of escape for Dizzy? Is there any way to awaken Daisy from her endless sleep? The answers lie in Dizzy The Adventurer!

Instructions

Dizzy must explore his world to find a way to Daisy and wake her from her endless sleep. Along the way he will come across problems which must be solved before he can proceed. Use the objects that you find to help solve these problems.

ut an Object down first.

Example Problem

When you start the Game, Dizzy is trapped in an underground cave.

The old wooden door is locked from the outside and inside the cave is a Bucket of Water, some Straw and a Match.

To Escape you must pick up the Straw and the Match and place the Straw at the base of the door, use the Match on the Straw to set fire to it. Now that you've burnt the door use the Bucket of Water to put out the flames.

Be careful not to stand too close to the fire or you'll get burnt!

Hints & Tips

- *Dizzy can walk on clouds, but he'll sink through them unless you keep jumping.*
- *Don't fall in the water!*
- *You'll need to collect all 50 stars to weaken Zaks' Sleeping Spell!*
- *When you can't carry everything you want, remember to put something down in an "easy to find" place.*

FCC INFORMATION

The device complies with Part 15 of the FCC Rules. Operations subject to the following two conditions.

1. This device may not cause harmful interference and
2. This device must accept any interference received including interference that may cause undesired operations.

This equipment has been tested and found to comply with the limits for a Class B Digital Device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. The equipment generates, uses and can radiate radio frequency energy and if not installed and used in accordance with the instructions may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Re-orient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/tv technician for help.

This digital apparatus does not exceed the Class B limits for radio noise emissions from digital apparatus as set out in the radio interference regulations of the Canadian Department of Communications.
